## Mechanical Engineer

### **Bend-Tech: Innovators of Tube & Pipe Fabrication**

Bend-Tech takes pride in providing products that innovate the way tube and pipe are designed and fabricated. We are continuously pushing this industry forward with tools that promote efficiency and accuracy. Since 2001 Bend-Tech has been growing into the company we are today. At our headquarters in Osceola, Wisconsin, all our employees strive for Honesty, Innovation and Quality in everything they do.

### **Job Description**

Mechanical engineers have duties and responsibilities that focus on safety, sustainable devices, and quality assurance. They will design, develop, and maintain mechanical electrical systems. You will provide support for machinery work in the manufacturing of our products along with identifying deficiencies in the mechanical process and develop improvements to Bend-Tech products.

### **Position Overview**

- Plan, conceptualize, and create mechanical designs for new products
- Develop testing processes, and perform testing and validation for new designs
- Identify deficiencies in the mechanical process and develop improvements
- Perform engineering calculations to support design work
- Perform detailed documentation to track project development and design process
- Ensure project timeline is met and project stays within budget
- Generate and analyze working prototypes for testing and demonstration
- This is not a remote position. Must be able to make the commute to Osceola daily

### **Qualifications for Mechanical Engineer**

- Bachelor's degree in mechanical engineering
- 5+ years' experience in engineering role or related experience
- Project motivated

- Exceptional written and verbal communication skills
- Excellent problem-solving skills
- Deep IT and CAD knowledge
- Strong computer and mathematical skills
- Experience designing industry-specific products
- Flexible approach to work and the ability to adapt to change
- Able to work in a team environment
- Self-motivated attitude and the ability to use initiative

## **Hours, Pay, Benefits**

Full-time Monday-Friday 7:00 AM-4:00 PM

We generously reward hard work and initiative. We offer a full benefits package that gives our employees both unique perks and peace of mind, including medical, dental, vision, life and disability insurances and 401 (k) with matching.

Salary based on experience
